

MEET FACILITYSIGHT MOBILE

Your outreach fleet. Every stop, in view.

Connect your vehicles, stops, guests and programs.

Boarding counts & dwell time

Anonymous, real-time counts at every door. See guests aboard now and how long they stay at each stop.

Location & routes

Live vehicle position layered against your scheduled stops, so everyone knows where each unit is.

Stop performance

Compare visits and engagement stop by stop. Keep what works and rethink what doesn't.

Onboard comfort

Cabin temperature, humidity, air quality and sound level, so every shift stays comfortable for guests and staff.

Weather & safety alerts

FEMA, NWS and NOAA alerts geo-targeted to each vehicle's current position, by dashboard, email and push.

Reporting & insights

Stop and route reports delivered on your schedule, ready for boards, funders and grant season.

Make the case. Plan your next route.

Evidence of impact. Clarity for every shift on the road.

Strengthen grant requests.

Document community demand at each stop and the reach of your mobile programs.

Justify program funding.

Show how visits and engagement change over time. Give budget requests a measurable foundation.

Choose stops with confidence.

Compare stops by day and time. Try a new location and track what happens next.

Shape better services.

See which stops and programs draw guests aboard and how long they stay. Plan the next season with evidence.

Keep every shift comfortable.

Spot cabin conditions early, before they become complaints from guests or staff.

Stay ahead of the weather.

Get alerts for where the vehicle actually is, not where your building is.

Wi-Fi, cellular or LoRaWAN / Installed by your vehicle builder / 2-year minimum warranty

Runs on the same FacilitySight platform as your buildings, so your branches and your fleet tell one story.

FACILITYSIGHT MOBILE / SCHEDULE A DEMO

Prove the impact of every stop.

Every fleet is different.

We'll put together a quote around your vehicles and your goals.

90-Day Money-Back Guarantee / Always free support / No built-in price increases
