

FOR RURAL & SMALL LIBRARIES

Your library. Connected.

Spaces, people, programs and work.
Together in FacilitySight.

Product preview with demo data.
Design may change.

01

UNDERSTAND

People counting

Sensors automatically count visits and show how your spaces are used.

Demographics & dwell time

Understand child/adult visitor patterns and time spent in your spaces.

02

ANTICIPATE

Forecasting

Anticipate busy periods to support your staffing and program plans.

Safety alerts

Stay informed about local weather and public safety alerts.

03

COORDINATE

Event tracking

Connect calendars to attendance trends, with mobile hand counts when needed.

Staffing

Plan shifts with availability in view and see coverage across your library.

04

CONNECT

Work Items

Track maintenance, support tickets and planned checks, with a clear owner.

Third-party data integrations

Starting with ILS providers, bringing circulation into the picture.

Your ARSL offer.

ONGOING PRICING

For rural & small libraries.
No time limit.

PEOPLE COUNTING

\$15

per entrance / month

\$10

per space / month
